TERMS & CONDITIONS

The following are the terms and conditions for **website development service**. Please pay close attention to this before signing the agreement contract. If any discrepancies regarding the following terms are to be encountered, "The Calm Tech" Group will **NOT** be taking any responsibility.

Price changes and customer demands

- The earlier-mentioned prices for website development services are **ONLY** for your reference. The price may slightly vary according to your nature of business, and demands.
- Any further changes that you request (not included in the agreement contract) will be charged accordingly.

Payment and transfer

- A 30% of the overall charges must be transferred before the project development cycle. This is refundable within a week of transfer. (Terms and conditions applied)
- Another 30% of the overall charges must be transferred if TCT can prove that 70% of the website development is complete. (The completion process will be evaluated by completed pages/the total pages.
- The last 40% must be paid off if TCT have successfully completed the website development.
- The payment can be bank transfer, pay services or cash collection. If there is to be any transfer charges upon transferring, the customer must pay it.
- Annual fees must be paid within a month of expiry or TCT has the rights to sell the domain to another customer.

Deadline and delay

- If TCT failed to deliver the complete work after the project deadline (without any issue and complaint caused from the customer), the customer can get a full refund.
- If the customer failed to provide the required data to TCT, the project deadline can be extended without any notice.

| TERMS & CONDITIONS (cont)

| Maintenance and update

- TCT will full take responsibility in maintaining the website as long as annual fee is received in time
- Updating information has to be done by the customers (any help needed will be provided)

| Termination

- The customer has the rights to terminate the project, if TCT fail to complete the website
- If the customer want to terminate the project even if TCT complete the website, no refund can be made
- If refunded, refunding may take at least a week
- TCT has the rights to terminate the project without refund if customer fail to provide the required information regularly
